

Changes to Debit Cards

First Southern Bank is updating debit cards with a new look and new features. Starting February 11, 2026, all debit cards ordered will have the new vertical black image and include Tap to Pay.

How to get a new card?

The new card design will automatically be sent out when current cards expire.

What if I want a new card before my current one expires?

New cards can be ordered at any First Southern Bank branch for \$7 per card.

What happens if a merchant does not take Tap to Pay?

Every card still can be used with chip or mag stripe for payment.
